

NOTHING  
HAPPENS BY *Chance*

It is not by chance someone receives this CD, as God desires to restore a relationship with each member of mankind that has been broken by sin. The 12-minute message tells the listeners how they can come into the good of being reconciled to God.

It is not through anything of their own merit or achievement, but through the finished work of the Lord Jesus Christ. Featuring a message written and presented by Bill MacDonald, this CD is great to give away in mass distribution settings. The gospel presentation is clear and easy to understand.

*Presented in a cardboard sleeve and sealed with clear tab, each CD carries a clear gospel presentation.*
